

Build a Strong and Compliant 340B Program

Safety Net Hospitals Struggle to Stretch Scarce Resources — It Doesn't Have to Be This Way

The 340B program can have a positive impact for hospitals, their patients and communities when hospitals partner with SUNRx to optimize their 340B savings. When managed compliantly, the 340B program does what it is intended to do which is to help support the financial future of safety net organizations.

Where SUNRx Experience Comes In

By utilizing SUNRx as a 340B Administrator, safety net hospitals can tap into the benefits a 340B program provides, such as increasing 340B program savings that enable hospitals to provide better care, improve patient outcomes, and help the uninsured gain access to the discounted medications. The SUNRx Uninsured Prescription Discount Card program provides a conduit for safety net hospitals to pass along 340B savings to their patients.

We Optimize Your Program

340B Pharmacy Management

Develop right-sized pharmacy network based on patient utilization.

Focused attention on the pharmacies where your patients fill their prescriptions.

Expand network to capture all available 340B savings.

Uninsured Prescription Discount Card

Uninsured Prescription Discount Card provides flexibility and delivers savings to indigent and uninsured populations.

2020 Client Savings
\$87.1M

2020 Patient Savings (cash)
\$87.4M

The Intent of the 340B Program

“(Help covered entities) to stretch scarce federal resources as far as possible, reaching more eligible patients and providing more comprehensive services.”

– H.R. Rep. No. 102-384(II), at 12 (1992)

Savings Should Include

340B savings through increased purchasing power

A complete 340B contract pharmacy network including retail, mail order and specialty

Access to prescriptions at the “lower of” prices for uninsured patients

SUNRx partners with hospitals and their providers to optimize the 340B program to fully extend its benefit to eligible patients
